

“We Honor Our Past and Welcome Our Future”
The Caseyville History Project

Caseyville native, **Danielle Cary** (12), who is a Girl Scout Cadette and is currently working on the Silver Award, organized the Caseyville History Project. The Village of Caseyville, the Caseyville Public Library, and local historian, Bob Stephens are assisting her with this important project.

She Needs Your Help!

She is currently seeking donations of historical items from Caseyville to be on display in locked cases at the Village Hall. Items can include (but not limited to): old photographs, tools, arrowheads, receipts, advertisements, clothing pieces, etc.

Danielle said “learning about our Village’s past, appreciating and respecting it is important for the success of our Village’s future.” Valuable words spoken by such a young lady.

Please email danissilveraward@gmail.com if you would like more information about the Caseyville History Project or if you would like to donate items to the historical displays.
