Public Comment Portion:

Sara Chamberlain, Attorney for Illini Environmental briefed on proposed expansion of Illini Environmental facility located at 8895 California Drive. She commented on process with required EPA application and public hearing prior to approval for expansion.

Scott Kohler, General Manager for Illini Environmental gave an overview on proposed expansion project. He commented on Illini Environmental being a solid waste management and recycling facility and proposed plan to expand their facility 10-20,000 sq. ft. to provide better service and additional recycling capabilities for customers. As with the current facility, all operations associated with the facility expansion will be conducted under roof and no disposal will take place at the facility.

Attorney Kevin Kaufhold identified Exhibit A - Notice of Public Hearing, which was posted 48 hours prior to hearing, Exhibit B - Letter from Illini Environmental for consideration of proposed expansion and Exhibit C - Expansion slides
