Police:

- Chief, Deputy Chief and John Buckley toured the Woodriver Police Building, very impressive, much larger than our needs. Morris AAI (Architect) was making drawings of our interests. They have a drive thru area to receive suspects that is in doors, so they are not in the weather elements. Have a holding cell that are like bird cages so if suspects would get sick, they can be hosed down very easily. Have a lean-to for holding 6 cars that would keep the officer's from having to clean the cars due to the weather conditions. Several meeting rooms. Our facility would be long and rectangular.
