Committee Meeting Minutes September 4, 2024 (cont.)

Police:

- Fire Truck – Adams has advised they are interested in trying to sell the Fire Truck, will show for the next few weeks, and we would receive a percentage of the sale. Another option is possibly donation to SWIC in exchange for some Training of 5 individuals for a year.

Public Works/Building:

- Currently working on 2 Grants – Parks Department for Maintenance Equipment and CDBG for Flood Grant monies, which is due 10/16/2024, Resolutions of support will need to be worked up and placed on Agenda for next meeting.
- Discussion – Matt is it feasible to take the \$50 million Loan for the Levee Project currently? No, it's too early and not a good idea currently. The idea is to apply for all Grants that become available, however we want to make sure that all municipalities are applying, the battle plan for now is storm water sewers.
